This application has been examined.

Claims 36-46, renumbered 1-11 are allowed.

16

The following is an examiner's statement of reasons for allowance: The claimed invention is deemed unobvious over the cited art of record because such art does not teach or reasonably suggest the overall aspects of a process for producing a ceramic substrate comprising the steps of providing a substrate layer comprising an aluminum nitride ceramic in combination with applying a copper layer comprising copper or copper oxide to at least one side of said substrate layer, the copper layer being applied in an oxygen-containing atmosphere at a temperature ranging from 800 deg C to 1300 deg C such that an intermediate layer comprising an aluminum oxide and a copper oxide is formed on said at least one side of the substrate layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1774

17

The application having been allowed, formal drawings are required in response to this Office action.
